APPLICATION FOR CERTIFICATION FOR THE
CARLSBAD ENERGY CENTER PROJECT

DOCKET No. 07-AFC-6

**NOTICE OF AVAILABILITY OF THE PRESIDING MEMBER'S PROPOSED DECISION
AND
NOTICE OF COMMITTEE CONFERENCE AND EVIDENTIARY HEARING
AND
NOTICE OF FULL COMMISSION HEARING**

I. NOTICE OF AVAILABILITY

On May 9, 2011, the Committee issued the Presiding Member's Proposed Decision (PMPD) for the ***CARLSBAD ENERGY CENTER PROJECT***. The 30-day public comment period on the PMPD ends on June 8, 2011. Copies of the PMPD have been sent to the Proof of Service list. The PMPD may also be viewed on the Commission's internet website at: [<http://www.energy.ca.gov/sitingcases/carlsbad/documents/>].

For a printed copy, call the Energy Commission's Publications Unit at 916-654-5200, and ask for Publication No. **CEC 800-2011-004-PMPD**.

II. NOTICE OF COMMITTEE CONFERENCE AND EVIDENTIARY HEARING

PLEASE TAKE NOTICE that the Committee will hold a Committee Conference on the PMPD and an Evidentiary Hearing as follows:

***Thursday, May 19, 2011
Beginning at 9:30 a.m.***

***And Friday, May 20, if necessary
Beginning at 8:30 a.m.***

Specific time for Public Comments has been set aside on May 19, beginning at 5:30 p.m. Comments may be accepted at other times during the Evidentiary Hearing, as well.

**Hilton Garden Inn
Wavecrest Ballroom
6450 Carlsbad Boulevard
Carlsbad, CA 92011
(Map Attached)**

TELECONFERENCE OPTION: You may participate in the Committee Conference by telephone and/or by computer via our "WebEx" web conferencing system. For details on how to participate, please see the "Participation through WebEx" directions attached to this Notice.

Comments on the PMPD

The purpose of the Committee Conference is to consider oral and written comments on the PMPD from the parties, governmental agencies, and members of the public.

Members of the public and governmental agency representatives are encouraged to submit their comments by e-mail **or** in writing.¹ Please include your name or organization's name in the subject portion of an e-mail and in the name of the file attached to your e-mail. File attachments should be in either Microsoft Word or Portable Document File (.pdf) formats. Send e-mails to [**docket@energy.state.ca.us**]. Send written comments to Energy Commission Docket Unit, 1516 Ninth Street, MS-4, Sacramento, CA 95814. Identify all comments with "**Docket No. 07-AFC-6.**"

In order to assure that your comments are considered, your e-mail must be received by the Docket Unit by 5:00 p.m. on June 8, 2011 or your mailed written comment physically delivered on or before that time (postmarks do not count).

Persons making comments, especially the parties, are encouraged to share their comments prior to the May 19, 2011 Committee Conference. It is helpful to see significant comments, especially those proposing changes to the Conditions of Certification, prior to the Conference so that the Committee and parties can discuss and understand the proposals and attempt to resolve any conflicts or inconsistencies. To facilitate those discussions, the parties are requested to submit their comments on or before May 17, 2011.

No matter when they are submitted, parties shall e-mail their comments to the other parties listed on the current Proof of Service list and mail copies to those whose e-mail addresses are not provided on the POS list. Governmental agencies and members of the public are encouraged, but not required to do so as well.

¹ To the extent that the Commission's regulations (Title 20, California Code of Regulations, sections 1209 – 1210) would otherwise require that an e-mailed comment be accompanied by a physical copy of the comment, that requirement is hereby waived under Subsection 1209(c). An e-mailed comment is sufficient by itself.

Oral comments may be submitted by the public at the May 19, 2011, Committee Conference. Following the end of the 30-day public comment period, the Committee, if appropriate, will prepare an Errata to the PMPD describing changes to the PMPD recommended by the Committee after its consideration of comments from the parties and the public.

Evidentiary Hearing

The Committee, in part on its own motion and in part in response to the various motions of the parties requesting that the evidentiary record be reopened, has decided to reopen the record and conduct additional hearings on the following topics:

- To take testimony to clear up an ambiguity in the evidence. How is the CECP fire suppression water system proposed to be attached to the City potable water system? Is it feasible to attach it in such a way that it can use City water pressure to provide fire flow with the on-site fire pumps as backup?
- To take testimony and recommendations for additional or modified Conditions of Certification based upon lessons learned from the Kleen Energy & Palomar power plant fires.
- To hear any relevant evidence on lessons learned from the recent Japanese earthquake and tsunami regarding the seismic safety of CECP.
- To accept evidence proposed by staff regarding CECP's compliance with the new federal standard for nitrogen dioxide (NO₂) and relevant evidence from the other parties.
- As discussed in the Land Use section of the PMPD, to consider additional evidence, comment and argument about whether the Energy Commission should find that an extraordinary public purpose would be served by the CECP. Such a finding is required by the South Carlsbad Coastal Redevelopment Project Area Plan. One potential purpose, suggested by the City of Carlsbad in its briefs and echoed by some public commenters, is the formulation of a plan to remove the old Encina Power Station boilers, containment building and 400-foot stack when units 4 and 5 are retired. Retirement might come when the units are no longer necessary for support of the electricity grid or due to some other cause such as the termination of their once through cooling system. Evidence about the variables affecting when the units may be shut down, the costs of removal, ways to finance those costs, and other relevant matters, would be appropriate. Evidence and discussion of other extraordinary public purposes that approval of the project serves or could serve would also be appropriate.

To facilitate preparation for the Evidentiary Hearing, the parties are requested to serve via e-mail on Dockets and the other parties, no later than 5:00 p.m., on Tuesday, May 17, 2011, 1) a list of the witnesses they intend to call, 2) time estimates for direct and

cross-examination, and 3) electronic copies of any documents they wish to introduce into evidence, including documents they have previously circulated or docketed.

III. NOTICE OF COMMISSION HEARING

PLEASE TAKE NOTICE that the full Commission will consider the PMPD, released on May 9, 2011, on:

Wednesday, June 15, 2011
Beginning at 10 a.m.

California Energy Commission
Hearing Room A
1516 Ninth Street
Sacramento, California 95814

The purpose of this hearing is to consider whether the Energy Commission should adopt, modify, or reject the PMPD and Errata. Parties and members of the public may participate and offer oral and written comments on the PMPD. Identify all comments with **"Docket No. 07-AFC-6."**

If the PMPD and Errata are adopted, the Commission will subsequently compile a single document combining the Errata, the PMPD, and any other changes made at the Commission Hearing, for the convenience of the parties and the public. The effective date of the Decision will be the Commission Hearing date.
